Dive into endless backflip challenges as it helps your character overcome different levels and stages. Explore multiple diving techniques as you perform incredible jumps and take epic backflips. Find out more about this amazing game from Gamesoul Studio in our review. Story Your goal in this simple and addictive sports gameGuide your character through epic cliff diving challenges. But instead of moving forward, you'll overcome obstacles with the highest score possible and perform incredible backflips in parkour style to land on the ground. With a variety of available stunts, accurate physics, and a variety of smooth and satisfying gameplay games, the game introduces Android gamers to an exciting cliff diving experience. Feel free to train and hone your backflip skills through different levels and challenges. Become a flip master in the game as you compete with friends and gamers from all over the world for prestigious leaderboards. Here you can find all the exciting features that the game has to offer: first, the game introduces Android gamers to simple and intuitive controls so that you can quickly get used to the game. Also, with easy gameplay and simple mechanics, the game is suitable for gamers from all ages. Feel free to dive into the relaxed and addictive casual gameplay that backflip madness has to offer. As you get hooked on endless challenges in the game, you'll also have the opportunity to discover new games, perform new tricks, and discover new gameplay that moves you to different places where you can receive new challenges. With three available difficulty levels, Android gamers will have the chance to enjoy the game to the fullest. Get used to the gameplay with simple settings and crank up the difficulty level for more challenging gameplay when you're ready. And to make your backflip challenge more interesting and exciting, backflip madness gamers are also introduced to the different moves you can perform with your character. You can tackle backflip challenges in different settings and perform many new backflip moves. Unlike other cliff diving gameplay, Backflip Madness introduces Android gamers to a much more liberating and unique style of gameplay. It's exciting, along with lots of moves, and you'll also find games with great parkour-style acrobatics that are completely different from others. Plus, with exciting and realistic ragdoll physics, Backflip Madness provides the perfect diving simulation on mobile devices. Jumps, landings and even accidents will look extra realistic and fun. And as well as diving, gamers can cause themselves some spectacular accidents with backflip madness with realistic impacts in the game. Along with the campaign mode, backflip madness gamers can complete exciting achievements. Watch out for these unique challenges when you're ready to unlock special rewards that you can't find anywhere else. And for those who want to put their skills and abilities to the real test, you can join your friends and other online gamers in exciting leaderboard challenges that compete for the ultimate prize or glory. Climb the famous leaderboards as you earnBragging rights with friends. Gamers with different backflip moves and multiple challenges are encouraged to enjoy many amazing stunts and performances on their dives. And if you want to save memorable moments in the game for later watching, you can also play your highlights in action replays and save the video at any time. If necessary, share it online. You might want your character to look as cool and funny as possible because you're planning a video shoot. Luckily, Backflip Madness has access to a lot of different outfits and outfits to put on your character. Therefore, dressing them up before putting them in the video will not hurt. When you enable the Google Play service, you use Online Drive to protect your entire in-game progress. Just connect your account to the game and you will never lose your process in the game again. Feel free to start where you left. The game is currently listed on the Google Play Store as a paid version. That said, you have to pay a certain amount of money it must be installed on your device. On the other hand, if you want to install backflip madness mod APK, you can have the game completely free of charge. This not only unlocks the entire gameplay for you, but also removes annoying ads, thus allowing for smooth and satisfying gameplay. For those interested, Backflip Madness features simple and relevant graphics suitable for most Android gamers. In addition, thanks to the physics and realistic mechanics of ragdolls, every jump will feel much better to watch. When you land completely on the ground, you will find yourself performing incredible diving and backflip stunts with your character. Or if you break your neck or leg to jump off a cliff, you'll hear a crunchy sound. Despite having simple sound effects, the game can still provide Android gamers with a realistic and relevant experience. Fans of the famous Flip Diving and Vector 2 will have another parkour cliff diving challenge that you will surely enjoy on your mobile device. That said, Backflip Madness is one of several simple and addictive games you won't always find. Not to mention that you can have it completely free of charge, but this is very insane. Backflip Madness is an intense extreme sports game with a touch of parkour. Your goal is simple + to perform many acrobatic tricks and epic stunts. Give yourself thoroughly!+ Multiple rearsanos and positions + parkour / acrobatics free execution + realistic physics engine + success and scoreboard + 3 levels difficulty + slow function download infomanation size 5.7MB version 1.1.7 version code 20190415 Lang af am az be bg bn bs ca cs da de El En O en GB en-IN es-US and eu fa fi fr-CA gl gu hu hu hy in is iw ja kk km kn ko ko lo lt ml mn mr ms my nb ne nl or pa pl pt-BR pt-PT-pt-ro si sksq sr-Latn sv sw ta te th tr uk Yuji Bi Ji CN zh-HK zh-TW Operating System Min Sdk 15 Min Sdk Txt Android 4.0.3, 4.0.4 (ICE_CREAM_SANDWICH_MR1) Target Sdk 28 Target Sdk Txt Android 9.0 No Multi-Window Support Screen, Usually Large, xlarge Cpu arm64-v8a arm64-v8a armea-v7a-v7a x86 x86_64 Open Gl Int 0 supports any density yes density 120 The 160, 240, 320, 480, 640 and 65534 user features use the functional touch screen hardware feature: the app is a global system for mobile communications (GSM) telephony radio system.
